

Final Project Submission — Rubric (Individual)

For individual submissions. Scored out of 10. Submit the project materials as a ZIP file or a link (e.g., GitHub). The Sprint Retrospective (PDF) is graded with its own rubric. Full = all points for the criterion; Partial = the range shown; Missing = 0.

Weight	20%
--------	-----

Criterion	Full	Partial	Missing	Max	Score
Completed User Story	(4) At least 1 User Story named in the Sprint Retrospective's Sprint Summary works as described	(1-3) The story works only partly	(0) Missing	4	
Built with AI	(3) The code was built with the AI tool(s) named in the Sprint Retrospective, and it matches what the Retrospective says the AI did	(1-2) The code and the Retrospective do not match in places	(0) Missing	3	
Project materials	(3) ZIP file or link with all project code; the TA can find and run the completed story	(1-2) Materials incomplete, or the completed story cannot be run	(0) Missing	3	
Total				10
